

Dobwalls and Trewidland Neighbourhood Plan : Initial Questionnaire analysis questions 3, 1, 2 and 5			April 18 17
D&T NP	What do you enjoy about living in Trewidland	What do you think could be improved about Trewidland	Please list other topics that you think should be covered
NO	The rural location with convenience of shops and services in nearby Liskeard	Trewidland being included in the parish of St Keyne and not within the Parish of Dobwalls	n/a
	We love the beautiful views from our house. Its a quiet village on sundays	New Village Hall in Trewidland. Repairs roads more frequently, and improve drainage from roads. Better Broadband	No large housing or industrial development s. Starter homes in small developments. Broadband speeds.
	Peaceful, tranquil, scenic wildlife , rural	Trewidland road is in a desperate state of disrepair and without infrastructure there is nothing. This should include Broadband that works , let alone high speed Broadband. Gas?	Without tourism second and holiday homes, there is very little left for Cornwall to make money from
	Quiet, countryside, animal noise, low traffic noise, Neighbours , Community	Shop , Better Broadband, Gas main., improved passing places in lanes, more footpaths so that we can make use of beautiful countryside.	More housing may be of benefit to the village, provided it is in keeping and unobtrusive. We would prefer the countryside not to have any more unsightly turbines or solar panels
	Rural location, Friendly villagers, Peace and quiet	Better maintenance of the access roads to the village. A few more houses. A community shop if enough people would use it	Broadband speed for rural areas. More unity between Dobwalls and Trewidland. Considering st Keyne within our plans. An open space in Trewidland
	Its seclusion	The village is scruffy! It needs the hedges/ banks tidging regularly. The parish Council needs to ensure that the village looks its best, at all times. It engenders pride in the inhabitants	n/a
	Quiet	One farmer should not be allowed to sell any more land for housing. At this rate the entire farm will be housing	It's all important! Trewidland needs a community open space - somewhere for kids to play and for village functions. Maybe the Richards family could donate one.
D&T NP	What do you enjoy about living in Rural Trewidland	What do you think could be improved about Rural Trewidland	Please list other topics that you think should be covered
NO	The peace and closeness to nature, yet within easy reach of the A38 and Liskeard	Improved Memorial Hall Dobwalls and new Village Hall Trewidland	n/a
	A place to relax in the country	A revision of parish boundaries to incorporate Trewidland with St Keyne- the adjacent similar rural parish	improvement in Broadband provision - Community transport bus?
	Rural, but not too far from a town and close to the coast	more inhabitants to make it a more viable community, especially young families	lack of suitable broadband. Trewidland and Dobwalls have not really a lot in common. Trewidland and St Keyne would be a more suitable parish.
	Peace and Quiet, country life, beautiful views, with close proximity to facilities in Liskeard and transport links	Return of Village shop and post office. New improved village Hall.	n/a
	Trewidland is a rural community without being remote and has easy access to services which cannot be offered in a small community	condition of road surfaces	n/a
	The growing community spirit (and events) and the school	The lack of a village shop and a youth club for children, and public transport. It would be lovely to see the village shop brought back to life, as I consider it to be the heart of the village when driving / walking through.	community shop

D&T NP	What do you enjoy about living in Dobwalls	What do you think could be improved about Dobwalls	Please list other topics that you think should be covered
	Quiet and friendly village. Easy access to the A38	Things that may bring the community together - fun days maybe.	n/a
	Dobwalls is a friendly village with easy access to the surrounding towns, a lot quieter since the by pass was built.	improved traffic calming measures and additional car park at the school	n/a
	We enjoy living in a smaller community, knowing people and helping out when needed	Not turning it into an offshoot of Liskeard, with many more houses, school needs to larger, as infrastructure. Gardens and housesets being encouraged to be kept in good order.	Some questions are not appropriate if local people do not participate or support what is available.
	It is a small community, safe and secure. Good transport links with a local shop for provisions. Local access to the A38, yet the countryside can be accessed easily on foot.	Better recreational areas for teenage children. Less house building. Consideration of wildlife and provision of habitat/wildlife corridors linking to woods and ponds	Litter management
	Very friendly village. Bus service	More dog walking areas (access to some footpaths are blocked) extra dog poo bins near footpaths	n/a
	The variety of activities. Very informative village magazine	To prevent dangerous parking e.g. Near the exit of Tremabe lane	'Why do people feed the seagulls?
	The quiet. The people.	Parking in and about the village	Medical facilities in the village
	Quiet friendly good community, good transport links, good local shops and pub	Stronger links between yopung and old (e.g. Forthcoming lunch at School inviting older people in for lunch) excellent idea. Volunteering to support older people.	?
	Everyone is very friendly	Footpaths in Havett close- winter cover in moss - needs cleaning	Parents and Todler group, Tumble Teds needs more funding to keep it open, because they do it voluntarily
	It's a small quiet village with good basic amenities (shop, PO, pub hairdresser, church)but getting bigger - in danger of getting too big with all the new houses. It'sd a much nicer place to live since the bypass was put in. People are friendly. Easy accessibility to Liskeard and Plymouth via bus.	Install a bottle bank and recycling facility - e.g. at the Highwayman car park where it used to be. Finish the roundabout - to make it look authentic, rather than look like a stone dump.	n/a
	Close to everywhere	n/a	n/a
	Its location	n/a	n/a
	It is big enough to provide an infrastructure and facilities without being afflicted with the issues of larger communities.	n/a	Tried to answer above in their current context. E.g. There is little tourism in Dobwalls - hence it is not very important.
	Countryside all around.	Provision for young people. Signposting for public footpaths	n/a
	The rural location	n/a	n/a
	Everyone helpful and friendly. Most things accessible.	A communal recreation outside area. Park and seats perhaps wouldbe really good.	Speed reduction through the village.
	Close to amenities. i.e. Bodmin Moor and Liskeard.	Prevent traffic speeding on the olde main road towards Moorfield, with an island(s) <u>not</u> speed bumps (injurious for elderly top travel over).	Pollution . Surely enough population n Dobwalls, that a 'smokeless coal only' should be enforced? Monitor traffic pollution- too many of us caught between dual carriage way and the heavy diesel using traffic on old main road. Air is fundamental.
	Its rural location , clean air and views. Good local nursery and School.	Parking Footpaths	n/a

	Easy access to sea and moor. Village shops and PO. Hall facilities. Public transport, Village School.	They both need a central place - somewhere people can be proud of. A communal space at the heart of the villages.	A sense of community - not tangible, I know, but Vital.
	Well kept village, community feel, good bus links (local and national) shops, PO, hall, church, school all means thriving village, good activities taking place.	More off road parking for those living on the main road - dangerous for the traffic coming out of Tremabe Lane. More cycle paths and walking trails. Village Green > flowerbeds+ trees and dam stream through car park(council one) by pub to make a pond - a wonderful centrepiece to the village, with seating areas etc and venue for village events.	n/a
	It retains the village ambience, and its clear that the majority of folk who live here truly care about it and fervently wish to retain that. Folk here are friendly, welcoming and very likeable. The village (for the most part) is tidy and cared for. The local shops provide an invaluable service! There are lots of entertainment provided by Hall, Pub, Church etc. Great place to live.	Traffic calming scheme/ speed cameras!! <u>This needs to be dealt with</u> . Farmers could more effort to protect goods being carried through the village- they make a lot of mess, leave parked cars filthy! It would also be nice to see entertainment(weather permitting) during the afternoons for folk who cannot get out during the evenings. Summer tidy up of some front gardens? Car boot sales?	<u>Affordable</u> housing for locals? It has been proved that the basic 2 up 2 down/ garden units can be prefabricated/ built at low costs. Affordable in Cornwall is around £150,000 <u>not</u> £250,000! It's a starting block that's needed
	Good Village feel. Community facilities- shop, pub, Halletc. Good countryside	Better traffic and parking management. Loud music from pub too late in the evenings. Too much new development - better S106 negotiations	n/a
	Peace and Quiet	Speed bumps through the village to slow the traffic down.	restriction on numbers of new houses built. Road infrastructure for the above.
	I never stay anywhere but here 13 years so Dobwalls is special people. Handy for all of Cornwall.	People and dog mess, take responsibility for own pets. And parking!	n/a
	It's a reasonably quiet place to live.	Entertainment, facilities for health, education and with the closure of libraries, as small local one would not go amiss. Better public transport.	Potholes and poor road surfaces. The abolition of Cornwall Council as a unitary authority and the re-instatement of individual councils. <u>Sell off all council owned buildings</u> which are surplus to requirements. And stop paying outside consultants. If the councilors cannot do the job they should resign and let someone else who can.
	Generally a pleasant place to live with good access to local amenities and easy access to Plymouth, St Austell and Truro.	Better control of on street parking, which currently creates a hazard especially around the School.	n/a
	Central for travelling in any direction. Very friendly community.	Problems when accident on Bypass, then extra traffic through the village.	Encourage people to work in the village.
	Dobwalls has lovely walks, is close to the town. It has most of the everyday needs met by way of shops school, pub, post office.	Dobwalls is very much a dormant village at present. It really needs community to come together and support more social spaces.	Parking clearly needs to be included and planned for and to happen soon with all new houses going up. The Hall car park is suffering and no way large enough. A purpose built car park for the school and that side of the village is paramount before severe congestion outside the hall and spar is an issue - and purpose built car parking needs to be spoken about before the housing developers leave- small roads are not built for such volume traffic.
	Love the rural area, quiet with friendly people good bus service to Plymouth and Padstow. Very good Spar with Post Office. Loveley to see the Highwayman thriving. Very informative Village Magazine.	There still appears to be footpaths with dog fouling. Perhaps get another note in the Villager Magazine. What can we do? And I stepped in it on the way to the bus. I am disgusted, as many are.	n/a

As a mother with a toddler, its nice that they have two playgroups and a shop either side of the village so its not overly far to walk. The sense of community and friendly people.	In the green in pendray Gardens a playground is needed. More houses that are not bought/ rented but council for LOCAL people	Provision for children/babies - Although the 2 playgroups are great.
Village community, Peaceful.	community spirit	n/a
Rural but close to access railway station, buses etc to go to Plymouth, Bodmin etc. Friendly environment. Local shops / post office/ Pub. Village hall range of activities	Halt further housing development - could challenge local facilities e.g. School	Keeping an eye on older neighbours. Respect for the environment - clean up after dogs. Litter
The friendly community. Caring neighbourhood. Excellent transport links	Cut out some of the street lighting, or at least shorten the hours of lighting. (save energy and lets enjoy some natural night sky!)	Street and Roadside cleaning. More security (i.e.Police)?
Friendly locals. The countryside. Local shops. Community activities. The Pub	Frequent litter picks. More dog poo bins. Places where dogs can be let off the lead to exercise.	Provision for owners of dogs. There is no land in Dobwalls to let them run free! Even dogs on leads - public rights of way across land is a problem. Obstacles, locked gates, styles everywhere. Older dogs cannot get over! Etc.
We particularly enjoy the close knit village community which is offered by a small village with the xxxxxxxx? We enjoy the glorious Cornish countryside, enjoyed by holiday makers and residents and the many varieties of wildlife so under threat from housing developments.	The establishment of a rigid development plan which would halt the growth of the village into a small town, losing the identity of the village and the community spirit.	n/a
The quiet life, friendly people, good pub and local shops.	A better attitude and support for community activities. It is very hard to get help from younger members of the community.	n/a
Pleasant quiet village within easy reach of Liskeard and other coastal resorts	Road junctions i.e. Havett Road and five ways at garage and Antique shop.	Provision of public toilet. Well kept footpaths.
The local friendly community, feeling safe, and being able to walk on the footpaths. Using the Pub, shops and bus services.	1. Bigger easily accessible School/ bus carpark - possibly opposite the School? The lollypop lady being moved to opposite the school as this is a black spot and getting very dangerous with people parking on the keep clear areas.	Parking opened up at memorial hall+ a lower wall or sign to make it clear that there is more parking available. Proper footpaths/pavements from the new houses to link up with the existing ones.
Quiet location , Low crime rate, Easy access to nearby areas and villages	Need a new memorial Hall, the car parking area needs to be accessible to shoppers using the Spar shop. Yellow lines needed for opposite spar shop and the top of Treheath road.	n/a
Countryside, The properly maintained verges. The diligence and enthusiasm of the those "who run the village". Best of luck with the NDP	Dog walking / exercise area. More poo bins. Police on the beat! :)	You seem to have it covered...
So handy for Liskeard + Bodmin Excellent transport system and shops.	Perhaps a few more flowerbeds	Better enforcement of parking outside the School.
Community Spirit	n/a	Concerns :- Doctors surgery ; will the school be able to take extra capacity + ongoing to Liskeard Senior School? Will the tiny sewage works cope? ; employment in the area is very sparse so who is going to be able to buy a property in Dobwalls? Empty properties would be subject to <u>squatters</u> and <u>vandalism</u> !
Small Village with good community Spirit	Off road parking for residents on the main, old A38, road through the village	"Affordable" housing for local people. Curtial developmnet / expansion of the village (Dobwalls) ; Mopre parking areas.
n/a	Pride, Tidy, Parking	Common Sense

	I have lived in the area all my life and particularly decided to settle in Dobwalls because of its facilities, shops and postoffice. In my particular road we have a good community spirit and would like to see that continued across the whole village.	Good community spirit. An open space for community gatherings. Affordable housing that is affordable!! If more development bungalows need to be included.	n/a
D&T NP	What do you enjoy about living in Rural Dobwalls	What do you think could be improved about Rural Dobwalls	Please list other topics that you think should be covered
	I live at Treburgie water and I like the people of Dobwalls , because I love Dobwalls people	It could improve provision for older people	n/a
	1. Post office / Spar shop 2. Free parking	No further housing developments	Q.4 quite difficult to answer. Do the headings refer to how they affect me personally or how as an impartial observer? The age group of respondents should have been indicated. Different issues have different relevance according to age.
	Semi Rural location. Good access to A38i.e. Bodmin, Liskeard etc. Good access to open spaces	Realistic speed limits, at the moment the arterial roads are 60mph. 20 mph is the safe option. Mandatory clearing up of some business sites which are environmental hazards at the moment. Stop the creeping industrialisation of the Doublebois area.	Expansion of industrial buildings. Remembers there are other homes in the Parish other than Dobwalls and Trewidland
	Semi Rural. Easy access to towns and beaches	More parking facilities for the School, church and shops. At very busy times the cars are parked on the main roads, causing problems on the road.	Speed limit in Doublebois as 60 is far too fast. Most residential roads are 20 mph. No more industrial development in Doublebois.
	Local facilities i.e. shops School, Pub enables social contact	Community spirit which I hope the development of a Neighbourhood Plan will encourage	Dobwalls/ Trewidland parish boundaries. I live just outside Dobwalls but am classed as Trewidland parish along with Doublebois. St Keyne and Trewidland would make geographical sense
	We live at South Boduel 3/4 mile from Dobwalls. We like the country life as where we live we see a lot of wild birds and animals	To get more activities for the young people to do	We could do with a bus route from Duloe Dobwalls to Liskeard as I have to use a taxi to Liskeard when I do my shopping which costs me ten pounds a day as I am an OAP.
	Rural nature of district	Facilities for elderly and youth	n/a
	I enjoy being part of a community/village and being involved in local events. Dobwalls has the everyday amenities you need.	A bigger/ another car park to serve all of Dobwalls especially for the use of Spar and the School and Memorial hall.	n/a
