## DOBWALLS AND TREWIDLAND Parish Neighbourhood Development Plan up to 2030

***"INSIDE - THE LATEST AND HOW  
YOU CAN STILL HAVE YOUR SAY"***

**Dobwalls and Trewidland Parish Council**

# Annual Parish Meeting 2020!

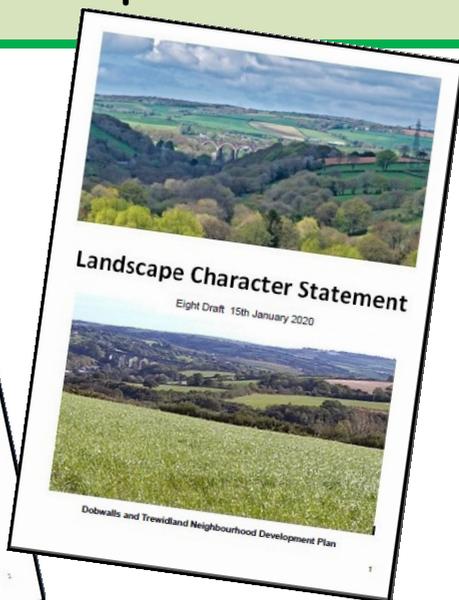

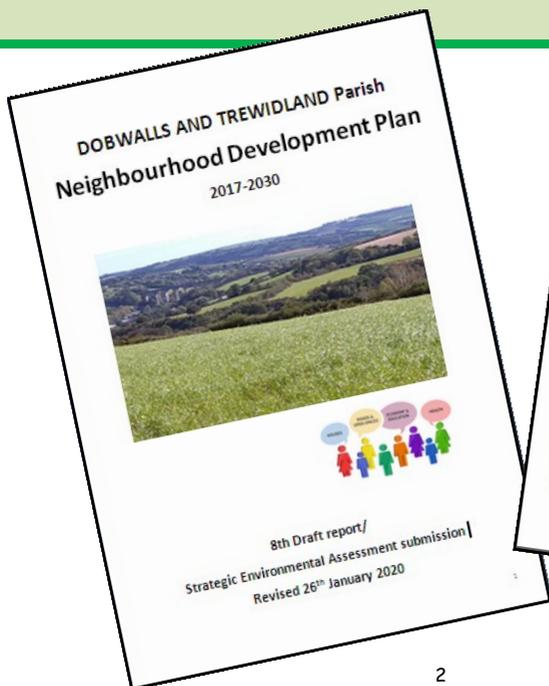

## + Introduction to the First full draft of the Neighbourhood Development Plan!

Your chance to see how we are moving towards completing the parish's Neighbourhood Development Plan  
- we are getting there but we want your input and comments  
- so please come along .

**WEDNESDAY APRIL 22nd**  
**DOBWALLS CHURCH HALL 6.30PM**

The annual parish meeting is also your chance to meet your parish councillors and suggest things the council should be looking at. And there's an open invitation to local organisations and community groups to tell the meeting what they've been up to in the last 12 months and their hopes and plans for the next year.

**Refreshments will be provided**

## D&T Neighbourhood Plan update

It has been a hectic few months for the Neighbourhood Plan Steering group. After the very positive feedback on Policy objectives and the Landscape Character local events in October we were able to finalise the individual Policies across the six major policy areas, and to have detailed discussions and feedback from Melissa Burrows, the Cornwall Council Development Officer for Neighbourhood Planning who has been assisting us with the Dobwalls and Trewidland NDP.

Over the same period the Landscape Character team were working hard at the development of the Landscape Character Statement with input from Kath Statham, one of CC's Landscape Architects, and we have now completed the final draft of this document ready to send off with the Neighbourhood Plan final draft for the next step in the process—the crucial Strategic Environmental Assessment. This check is carried out by local planning teams and by specialist Planners responsible for specific Policy areas. It ensures that our policies are in line with the *National Planning Policy Framework* and with *Cornwall's Local Plan* for the County, and gives us advice on improving the content.

**Both these final draft documents and the detailed Plan Policies and Maps (including any edits suggested by Cornwall Council) will be on display at the Parish Meeting** to be held on April 22nd and there will be opportunities to raise questions and give feedback at the meetings. This event will act as an introduction to the 'Regulation 14' Public Consultation which is intended to make sure that all local people have a chance to see and comment on the draft Plan and proposals, over the period of six weeks after the publication of the documents in April.

### What happens Next?

We are still working towards a final Parish Referendum in December 2020 in which everyone in the parish of D&T who is on the electoral register can vote! Before this however we are developing a Greenspace Strategy document for Dobwalls and Trewidland. Which will be part of the next submission after the Consultation period in May 2020.

After we have incorporated any additional feedback after the April/May public consultation, the revised documents are sent to Statutory bodies (such as English Nature, Environment Agency, etc ) so that we can incorporate any of their requirements into the final document. The Plan and the Landscape Character Statement will be accompanied by a:

- Consultation Statement—which sets out the activities and feedback from all the public consultation events over the past three years
- Basic Conditions Statement
- The Sustainability Check of the Plan Policies
- Equality impact statement.
- The Evidence Base documents for the Plan

If all goes well with that assessment, we will incorporate suggestions and feedback from the external bodies, (and if there are any major changes come back to the D&T Community for approval). The Plan documents will then be submitted to the Independent Examiner whose report we hope will support our NDP.

After the referendum on the Plan documents (if it is supported by the community) the plan will come into effect in early 2021!

*Mhairi Mackie*

## GRAB A SHARE OF THE CORNISH “TREASURE” CHEST

ORGANISATIONS and groups in the Dobwalls area are being invited to apply for small grants from a special fund created by Cornwall Council.

Under the Cornwall Councillor Community Chest Grant scheme each Councillor has a small grant fund to help projects run by voluntary community groups in their area.

Jane Pascoe is the Councillor for Liskeard West and Dobwalls: “I am always overwhelmed by the tireless enthusiasm and hard work of so many voluntary groups in Dobwalls to improve the quality of life of the residents of the village.

“I am also aware that it has become increasingly difficult to raise funds for the varied activities the groups provide.

“So I just wanted to remind groups in the area about the community chest grants. The grants can be used for a wide range of activities and the application process is relatively easy.”

For further information about the grant scheme or to register an interest in applying for a grant just contact **Jane Pascoe**

[jane.pascoe@cornwallcouncillors.org.uk](mailto:jane.pascoe@cornwallcouncillors.org.uk) or ring 07484 315 327

# Hospital Bus Service and Police News!

Commencing in April 2020, there will be a new bus service from Liskeard to Derriford Hospital. For more details see <https://www.plymouthbus.co.uk/news-service-updates/new-contract-award-go-cornwall-bus/>

I am grateful to the one Public Transport team at Cornwall Council for facilitating this essential service to enable residents in SE Cornwall to access their Primary Health Care.

This will be an advantage to many patients, employees and visiting relatives and we also hope that it will reduce the number of vehicles on the A38 and Tamar Bridge, reduce carbon emissions and alleviate the parking problems at Derriford along with the cost, to our SE Cornwall residents whilst using the hospital.

I was pleased to accept an invitation to attend the opening of the New Liskeard Police Station. I am so pleased that there remained an appetite to invest in Liskeard, the commercial centre of SE Cornwall servicing our towns and vast rural hinterland.

Councillor *Jane Pascoe*

## PLEASE - DO YOUR OWN THING!

We've got some good news and some bad news for you, but let's get rid of the bad news first.

Because of personal and parish council commitments and pressure on the already limited spare time Councillors have, the Scarecrow competition will not be repeated this year and the Parish in Bloom competition is not returning, at least for 2020.

However, the GOOD news is that there's nothing to stop anyone in the parish "doing their own thing".

So, please feel free to organise your own scarecrow competition, perhaps getting the schools and businesses involved, or even your own version of Parish in Bloom, or any kind of parish or community event you'd like to put on.

Who knows what you might come up with - perhaps the revival of a parish or village carnival procession.

The Villager magazine can help by giving publicity to your event so that lots of people know what's happening. Just get in touch. So, come on, do your own thing, have a go!

*Michael Taylor*

**The Highwayman, Dobwalls**

## Debbie & Chris Hartley take over at the Highwayman

Taking over an existing business can be a daunting prospect, especially when that business is a successful and much-loved local pub, so it was with some trepidation on 23<sup>rd</sup> October last year, that we signed the paperwork and took the keys to the Highwayman in Dobwalls!

This is not our first pub in the area - we currently also

run The Smugglers in Seaton, so although the Highwayman is a new and exciting challenge, we do bring our own experience and knowledge to the business - Indeed Chris grew up in the hospitality trade in West Cornwall, and Debbie has been involved in catering since her first Saturday job in a village bakery, a few years ago now!

Much of the village talk about our takeover focussed on how we might change the business, but *'If it ain't broke, don't fix it'*. The Highwayman is trading well and doesn't need massive change. We will be making some tweaks and adjustments over time, but we know how important the pub is to Dobwalls, we have no desire to upset that apple cart!

We have retained many of the original staff, including all of the original kitchen team. Our chefs now have a free reign to develop exciting specials to tantalise your taste buds with, and if you follow us on Facebook, you will have already seen some of their delicious creations! Besides the famous Highwayman Carvery, which we continue to offer 4 days a week, we are excited to introduce a variety of specials throughout the week, with Grill Night on Tuesday, Curry and a Drink specials on Wednesday, and Fish Fry-day! Plus of course, the Pub Quiz every Thursday night!

The weekend is when the pub really comes to life, and we now offer a Saturday Breakfast from 9am, with traditional fry-ups cooked to order, as well as delicious home-made fluffy pancakes and lighter options and vegetarian dishes too! And on the first Saturday night of every month we will have live music with amazing groups and bands booked throughout the year!

What else does the future hold in store for The Highwayman? Well, we are 100% committed to continuing support for the annual Dobwalls Beer and Cider festival and have started work with the planning committee for this already! We will also be hosting other special theme nights throughout the year. Whether its Tapas or Mexican, we love to tour the culinary world and bring it's highlights to your door-step! Please do come and see what's going on. It is only *your* custom and support that keeps local businesses going! **Chris & Debbie**

**If you are unable to attend –  
let us know if you have any areas of concern**

## **Gardening Morning in Trewidland?**

It was in November 2015 that the first Gardening morning took place in Trewidland to tidy up the area next to the shop! Since then the telephone box has gone ; a new base to the salt bin was built and a parish Council notice board joined the Village notices.

The spring bulbs are coming through fast, but it is time for us to prune back and refresh the planting in time of the Summer. How about a Gardening Morning at 10.30 on Saturday April 18th ? Bring along any spare plants and tools!

# **SHE TOUCHED - AND CHANGED - THE LIVES OF SO MANY PEOPLE**

THE VILLAGE of Dobwalls and the wider Cornish community is deeply saddened by the passing of Linda Feek. Linda, a Cornish girl (she was a member of the Coombe family of Dupath Farm, Callington) touched - and changed - the lives of so many, many people.

She taught the reception class at Dobwalls School and became something of an institution. As the years went by she found herself teaching the children of the children she originally taught. So, Linda influenced the future of an immeasurable number of people through her positive, imaginative and energetic approach to teaching and life. Of course Linda's unwavering Christian faith was reflected in every single aspect of her own life, as well as her role as a teacher. She was a dedicated member and lay preacher of the Methodist Church at Callington and also Dobwalls where she was leader of the Girls' Brigade.

There was no stopping Linda, once she got an idea in her head. She was the instigator in Dobwalls of Messy Church, a regular informal family service, Monday Monkeys, a mother and toddler group, and other initiatives including Open The Book, visiting local schools, including Dobwalls, with biblical stories and performances. Her husband Terry was always in the background, supporting her in every way possible, including employing his carpentry skills to make props etc. Linda was also an enthusiastic supporter of a number of charities both local, national and international. Linda, who was 69, died peacefully surrounded by her close family after a long illness, which she faced head-on with her strong faith and her resolute stoicism. She was laid to rest at Pentiddy Natural Burial Ground just outside Pensilva after which there was a service of thanksgiving for her life.

Dobwalls United Church, the former Methodist Chapel, was filled to overflowing with family and friends - an indication of the high esteem in which Linda was held by all who knew and loved her. The retiring offering was for Action Aid UK, one of Linda's chosen charities, working with the poorest women and girls all round the world. In the congregation was the vice-chairman of Dobwalls and Trewidland Parish Council, Tracey Kitto, who was also representing the chairman John Dunn, who was unable to attend. The parish council wishes to express its sincere thanks to Linda for her immense contribution to village and parish life and her commitment and dedication as a member of The Villager magazine editorial team and the Dobwalls and Trewidland Neighbourhood Development Plan.

How often do we hear it said when someone leaves us how much they will be sadly or greatly missed? These words fall far short of the ones we struggle to find to adequately describe the life and legacy of Linda Margaret Feek, May 24, 1950-January 10, 2020.

## News from Local Community Groups

### FANCY A KNIT AND A KNATTER? DON'T TURN UP ON A FRIDAY!

The growing group of Knitters and Knatterers has changed the day for its get togethers. The ladies now meet every two weeks on a THURSDAY instead of Friday. The time and location remain the same, 2.00pm to 4.00pm in the church hall at Dobwalls United Church.

Knit and Knatter now has 18 members who enjoy their company and a cup of tea or coffee and a nice slice of cake.

The needlers have already started creating their individual and colourful little angels which miraculously appear in their hundreds all over Dobwalls in time for Christmas.

You don't have to be good at knitting - you just have to be good at knattering! So, come along and just enjoy yourself.

Or phone 01579 320007 for more details !

# New Trewidland and St Keyne Community group

Our AGM was held on January and was well attended. We were delighted to welcome members of St Keyne Village Hall committee. Many of you will know that we are likely to be joining St Keyne parish if and when the new parish boundaries come into effect in 2021. We therefore thought it would be a good idea to try and work together to promote community events as the two villages are so close.

Two members of St Keyne have now joined our committee, Chris and Shona and we are looking forward to working with them, and Julia, who has been a long-standing supporter of our Trewidland/Morval skittles evenings has also joined the team. Ideas for events put forward at the meeting included a summer fair/dog show, monthly skittles evenings alternating between villages, a film club and a breakfast event.

As well as gaining two new members we lost three current members and our chairman! Nick, Jan and Mick and our long serving chairman Stephen. We are very sorry to be losing them but all will continue to support our events when possible. We would like to thank all of them for their hard work and support over the years. A special vote of thanks goes to Stephen who has been chairman since the group was set up. He has carried us along when things got difficult with his positive outlook and belief in this group. He will be a hard act to follow! We wish both him and Anne a very happy life when they move to Dorset.

Our new committee is made up of the following members. Lisa, Diane, Lindsey, Chris, Shona and Julia. As always we would welcome any ideas about events you would like to see in the village, and of course any help would be much

appreciated.

**Lindsey Ellis**  
**Trewidland and St Keyne Community Group**

*Just to remind everyone that we won't have the final decision on whether the Boundaries Commission for England has approved the proposed parish boundary changes until later in the summer of 2020 !* Mhairi Mackie

# VILLAGE SNOOKER CLUB COULD CLOSE - WARNS TREASURER BUT YOU (MEN, WOMEN AND PERHAPS FAMILIES) CAN SAVE

**IT!** THE GRADUALLY falling membership of Dobwalls Snooker Club will ultimately force it to close its doors, after a history going back around 90 years.

That's the view of club treasurer Tony Brend, who has been a member for over 60 years.

"When I joined in 1957 I think there were about 140 to 150 members," said Tony. "Last year we had 34 members. If people don't support the club it will close, it will go and I'd hate that to happen.

"Lots of snooker clubs seem to be suffering. I think it's changing times, in our case older members retiring and youngsters just don't want to know.

"But if people want the club to stay, it has got to be paid for. Perhaps we should think about a modest increase the annual membership fee and the slot meter charge for lighting the two snooker tables. That's something for the committee to consider."

So, money is the issue. When Tony became treasurer a few years ago the annual loss was running between £1000 and £2000. He's got that down to between £400 and £500, thanks to a number of initiatives and personal contributions by several club members.

The losses were running so high because players were leaving the central heating on and the annual rates were between £600 and £700. Tony had a slot meter installed for the heating and was successful in getting the premises rate-free because of the club's value as a community facility.

That was mainly based on the club attracting more than 50 other clubs to the venue as part of the W H Bond Timber League covering South East Cornwall, although the number of clubs has declined to around 35.

The club has also benefited from a grant from local Cornwall Councillor Jane Pascoe's Community Chest fund which paid for the painting of the front of the building.

Members see to most of the maintenance themselves, but the cost of recovering a table can be £400.

Annual membership is a very modest £15, extremely good value for money compared to other clubs. The members include women and there are a couple of junior members, 16 or younger, who pay half fee.

Tony said: "Women members have always been welcome since the name of the club was changed from the Working Men's Institute to the Dobwalls and District Institute and Snooker Room.

"And perhaps we could consider some kind of family membership where a couple could bring along their children who are old enough to grasp the basics and reach across the table with their cue. And, of course, younger members of the family could come along to spectate and, who knows, become club members in the future.

"I think if we could double the membership to between 60 and 70 that would be great and it should secure the club's future. With all the new homes in the village, there must be some people who would like to play the odd game of snooker."

**Tony can be contacted on 01579 326609 and 07795 524 847**

Please ring Sarah or email to make an appointment to discuss your groom. Looking forward to meeting you & your family member.

**Prices start from £25.00**

# History of Trewidland School

The School Log Book, kept by the head teachers until the 1930s and now in the Cornwall Record Office, tells us that Trewidland Board School, as it was then known, opened on 9th July 1880. The master was John Blair and one of the Board was Cornelius Olver who lived at Lowertown Farm. There were 33 children enrolled in the first week but by September there were 60 ranging in age from 5 to 14 and over. It was reported that standards were low and that few of the children knew their letters or could read - hardly surprising as previously, it has been suggested, there had only been a "Dame" School at Little Trehere and many of the children had never been to school before. Throughout the Log the master records his efforts to improve standards in a wide range of subjects which included the "Three Rs" i.e. Arithmetic, Reading, Writing, Dictation, Composition, Scripture, Singing, Geography, Sewing for the girls, and drawing for the boys. The older children were taught by the master and the infants were under the care of a monitor - an older pupil who had reached a satisfactory standard - or a pupil teacher and in several cases by the wife or sister of the master. Every year the school was visited by one of Her Majesty's Inspectors who examined the children and the results of this examination dictated the grant received by the school. Prizes of books "of moral stories or tales of travel in foreign lands" were awarded to children who had done well in the examinations with special prizes for needlework and handwriting.

As well as worrying about the examination results, the masters were very concerned about the attendance figures. Good attendance was important to the school because its grant depended on good results in this as well as in the annual inspection examinations. Children were kept away for farm work including hay and corn harvest and potato planting and on occasions, the Harvest holiday of three weeks in August was extended to take account of bad weather. Primrose picking also occupied them in March for which it was noted they could earn several shillings. Bad weather caused a drop in attendance too because in some cases the children were poorly clad and shod or lived at a distance from the school. Illness such as whooping cough, measles, chicken pox and chilblains also caused absences. One head commented that the children were keen to attend but their parents were only too pleased to find an excuse to keep them at home. Low attendance was not always caused by hard work and bad weather though because the visit of the circus to Liskeard also caused a drop in numbers!

There were important annual events for the village for which the school was closed. These included the St Keyne Church, Wesleyan and Bible Christian Anniversary Teas, Harvest Thanksgiving at St. Keyne, St. Matthew's Fair in Liskeard in October, Liskeard Cattle Fair in June. There were also Sunday School Trips to Looe and Downderry.

School closures are recorded for special events such as the Queen's Jubilee in 1887 and a Royal Wedding in 1893. The laying of the foundation stone for the Cottage Hospital in 1895 also justified a holiday and the school was closed for a Bible Christian Sale of work to take place there in 1891.

The children's behaviour is generally favourably reviewed by the Inspectors but the log records some incidences when firm action had to be taken by the master. Mary Clinnick of Reedy Mill was sent home for telling the girls near her "not to sing" while Thomas Crago was caned for refusing to bring in coal for the school fire. In 1895, the master reported that he had had to administer "more than ordinary punishment to Thomas Sambles for a glaring exhibition of idleness and inattention. The boy's parents complained but on explanation admitted the punishment to be fair. One can only wonder what the offence and punishment were!

*Patti Francis*

Council on 0300 1234 141

## Do you recognise yourself or anyone else in this photograph?

Thanks to Jonathan Ellis's family photograph collection we have this 'Trewidland School 1960' image of staff and pupils.

We would be very pleased to hear from anyone else who was part of the School photograph, or who has memories of their time in Trewidland School in the last century!

The School is still going strong down the hill from Trewidland village (see photograph pp23)

Just a five-minute drive from St Keyne and an eight-minute drive from Liskeard. Trewidland Primary School is easily accessible but also enjoys the benefits of being a rural school., while being part of the South East Cornwall Multi Academy Trust.

## Commenting on Planning Applications!

Many local people regularly comment on current Planning applications making their views known directly to Cornwall Council Planning Committee before they take their decisions on whether an application should be approved or rejected.

The Parish Council has encouraged parishioners to make use of the Planning Portal on the Cornwall Council site at <https://www.cornwall.gov.uk/environment-and-planning/planning/online-planning-register/>

and you can do this by entering the details and location of the Application that you wish to comment on, however you will need to Log in and give your details before doing so.

If you find this difficult you can also make a comment directly

- by email to 'planning@cornwall.gov.uk'
- by telephone 0300 1234151
- Or by letter delivered to Planning at Luxtowe House, Liskeard.

Every contribution - for or against - is really helpful in making good Planning decisions. And the more comments that are made the better !

Unless you do make a formal written comment to Cornwall Council you voice will not be heard...!.

# NDP Greenspace Strategy group

The many comments on the need for good play areas for a range of children's age groups—for places for older people in the community to rest and chat, and for dog walkers to take exercise with their dogs has raised the issue of how we can best improve and manage our green spaces in each of the parish communities.

We have now initiated discussions with Stuart Wallace—the Cornwall Council Open Space officer who we hope will be assisting us with the preparation of this study. However we will also need to have a full discussion with local people about their needs and priorities.

If you would like to be a part of this discussion (which is only just beginning) please contact:

Mhairi Mackie at [mhairimackie@waitrose.com](mailto:mhairimackie@waitrose.com)

# HEADS OR TALES NO MORE IT'S THE END OF AN ERA - BUT A NEW ONE IS DAWNING!

THE VILLAGE of Dobwalls is losing a valuable community service with the closure at the end of February of Heads or Tales, the newsagents and convenience store on the main road through the village.

Peter and Denise Scott have run the business for 16 years, but changing shopping patterns and other considerations have led them to the conclusion it's time to "shut up shop".

## **But a new business, a hairdressers, is to open in the premises!**

Peter and Denise said their decision to close was one they didn't wish to take, but they added: "Revenue reduction and the increasing ages of both of us are contributing factors which no longer make the long hours and other stresses of the business viable.

"We have had a continuing reduction in revenue over the last couple of years, which has made the business increasingly unprofitable.

"We are very grateful for the support of all our customers over the last 16 years that we have been here and will greatly miss the day to day interaction with all of you."

Peter and Denise will continue to live in the house above and beside the shop.

People will miss seeing, and chatting to, Denise on her newspaper delivery rounds when she has always looked out for the elderly and vulnerable.

Peter won't miss getting up very, very early to have the shop open by 5.30am!

The couple say they are looking forward to spending more time with their growing number of grandchildren.

FOOTNOTE: The shop has a lot of history attached to it. This photograph was taken in the early 1900s and shows the frontage of the shop when it was the Liskeard, St Cleer & District Co-Operative Society.

## Parish Council Marquee available

As some of you are aware, the Parish Council owns a marquee, two to be precise, both 6mx6m, that can be assembled separately or together to form a 12x6m marquee for the larger events.

Over the years they have been hired for various events from weddings to birthdays, sports days to beer festival. The photos show it in use at the annual Dobwalls Beer festival.

If you have an event happening this year, they are available for use by any organisations within the parish, (Subject to A deposit of £50 to cover any damage.) For private individuals a donation towards upkeep is required, along with the deposit.

Please note, we do not generally allow the marquee to be used outside the confines of the parish.

If your interested in borrowing the marquee please contact. Brian Clark.

On 07771612919 or e mail [Bad.clark@btinternet.com](mailto:Bad.clark@btinternet.com) **Brian Clark**

## Help someone who's sleeping on the streets

If you're worried about a person you've seen sleeping rough, StreetLink can help. Tell StreetLink about the person and where they are sleeping through StreetLink's website or app.

StreetLink will pass the details to the local council or outreach team.

The council or outreach team may:

- find the person
- offer support to help them off the streets

Contact [StreetLink](#) to get help for a person who's sleeping on the streets.

Call 999 if you think the person sleeping rough needs urgent medical assistance.
