

NDP Steering Group

Meeting: 23rd June 2021-06-16

Agenda

1. Completing the Reg14 feedback analysis for each of the subject areas

- We need to be sure that we have covered all the issues raised in the feedback in any changes to policy or other text in Reg15 NDP document whether from Statutory bodies or Community Consultation

So far I think that we have :

- 29.3.Comments from the March NDP SG meeting
- Feedback on issues raised by the community responses from
 - Sean – Parking and Transport accessibility
 - My first draft of Community health / facilities and open space comments
 - I believe that Sean is working on the Housing next
 - Any activity on Landscape/ Biodiversity etc?
 - No feedback really on Business and jobs

If we can complete these before our meeting next week that would be terrific.

- We will then need to agree all changes to the Reg15 plan document soon and work out exactly how to make these changes

2. Updating all documents

When we have made these policy / other changes to the main Plan document, we will need to check through the other documents to bring them up to date i.e:

- **Basic Conditions**
 - Sustainability assessment
 - Policy check against NPPF CLP policies
 - Equalities check

The most up to date versions of each of these tables are now in the Basic Conditions Statement document dated 16th June 2021

- **Consultation Statement**

The Reg14 feedback, and how we responded to it will also form part of the Consultation statement, The most up to date version of this is dated 5th June 2021

- **The Landscape Character statement**

Will also need to be reviewed in the light of feedback/comments, and in addition the revised Development boundary maps and key view diagrams/ aerial photographs will need to be added.

- The Green infrastructure map and details will need to be added as an Appendix to the LCS/ or treated as a separate document

3. Timetable

I attach an update on the timetable for 2021-2022 for discussion!

I would hope that we can meet on Zoom every two weeks over the next couple of months to help us work our way through all this.

Proposed Date of next meeting Wed 14th July 2021
