

## **NDP Steering Group**

**Meeting: 28<sup>th</sup> July 2021 6.30 by Zoom**

### **Agenda**

#### **1. Update on impact of Boundary Changes**

- **Responses from Mellisa Burrows**
- the only group that can submit the plan is of course the Qualifying Body
- but as the plan will now be covering part of another parish you will need to seek assurance that it will be supported by that Parish.
- The adjacent parish will need to be aware that they cannot then cover that part of the parish with a NDP of their own.
- I think the examiner, when your plan has reached that stage, will require evidence of consensus from any adjacent parish and an acknowledgement that part of the NDP area overlaps.
- How do we proceed?
- **MM to raise this at St Keyne and Trewidland PC meeting this evening**

#### **2. Update on Reg 15 NDP Plan document**

- Michael has been editing the current document
- Agreed Policy changes now that consolidated feedback is complete

#### **3. Updating all documents**

When we have made these policy / other changes to the main Plan document, we will need to check through the other documents to bring them up to date i.e:

- **Basic Conditions**
  - Sustainability assessment
  - Policy check against NPPF CLP policies
  - Equalities check

The most up to date versions of each of these tables are now in the Basic Conditions Statement document dated 16<sup>th</sup> June 2021

- **The Landscape Character statement**

Will also need to be reviewed in the light of feedback/comments, and in addition the revised Development boundary maps and key view diagrams/ aerial photographs will need to be added.

  - The Green infrastructure map and details will need to be added as an Appendix to the LCS/ or treated as a separate document

#### **4. Timetable**

The delay in getting agreement on the boundary changes issues are likely to require an update on the timetable for 2021-2022 already circulated for discussion!

Proposed Date of next meeting Wed 25<sup>th</sup> August 2021 6.30 by Zoom
