Dear Sarah

Thank you for your consultation on the SEA Screening for the emerging Dobwalls and Trewidland Neighbourhood Plan. It is also helpful to have sight of the version dated 27/2/20 as this is our first involvement in the preparation of the Plan since offering generic advice at the time of the area's designation in March 2017.

Based on this version of the Plan I can confirm that it contains no aspects of policy nor raises any issues upon which we feel the need to comment. Should the Plan be developed on this basis we would then also not feel the need to comment on it at subsequent consultation stages as it progresses.

On this basis I can therefore also confirm that we have no objection to the view that a full SEA is not required.

Kind regards

David
